Gentlemen:

Last Fall I promised your Mr. Levi Ackart that I would send you a few specimens of my apples. They were somewhat above the average in this locality last season. Mr. Ackart admired my window display in the Fall and appreciated the results of our efforts, in which he, as well as yourselves, was a very important factor. Mr. Ackart not only sold me the trees but set them out for me, and I have every reason to feel that I received as good service, from start to finish, as it is possible to get. Every tree came true to name, bearing excellent quality of fruit.

Trust the package reached you in good order, and thanking you for past favors, I am,

Very truly yours,
Harry L. Stanton

Dear Sirs:

Ever since receiving the roses I have been intending to write to you to thank you for your promptness and attention to my order. The roses arrived in fine condition and in time, and were such large, strong plants, I'm sure they will grow and do nicely with half way decent care.

I took pains to inform the members from whom the plants came, so let's hope they will do well.

Thanking you again for your kindness, I am,

Yours very truly,

(Mrs.) Florence E. Inch

Gentlemen:

I beg to acknowledge with thanks your promptness in shipping to Mr. Wm. Satterley, of Shelby, the apple trees recently ordered from you. I am enclosing herewith my check in payment

The trees that I have received from you thus far have all been splendid specimens, and you may rest assured that I am greatly pleased. While my orchard is not a large one, I take special pleasure in knowing that it contains the finest kind of stock, I doubt if there is an orchard in Oceana County that has been laid out straighter in the rows. In the course of the next two or three years this orchard will cover about ten acres next to a main traveled road

Again thanking you, and with very best wishes,
I am,

Yours truly,
B. F. Jones

The five Silver Maple trees arrived last Saturday and are now planted.

To say that I am more than pleased with them does not express it. They were larger and better trees in every way than I had expected, and I wish you to know that I appreciate your kindness in sending such nice trees.
